We Follow the Trends So You Don't Have To

Celebrity Skin

1 It was 19 degrees in Park City, Utah, but that didn't stop Bai Ling from turning up at EW's party in—we kid you not—a metal bra. (Not to be outdone, Paris Hilton wore wool hot pants from the Intermix Boutique later that night.) Perhaps the ladies could use one of the fest's more popular goodies: Lil' Mynx's travel stripper pole, offered at the Kari Feinstein Style Lounge.

BLACK IN THE DAY

3 Spotted: Studded belts by Linea Pelle (as seen on Robert Downey Jr.), black-and-metal Lia Sophia necklaces (Kelly Osbourne), and scary lettering on reaktorcorps tees (Lil Taylor). Somewhere Robert Smith is smiling.
